Sternenpuzzle 2  
Subtraktion im Zahlenraum bis 100  
(ZE - E / ZE - Z)

A red six-pointed star puzzle with subtraction problems and hedgehog illustrations. The star is divided into 12 triangles by its internal lines. Each triangle contains a subtraction problem or a result. Hedgehog illustrations are placed at the vertices of the star.

Subtraction problems and results:

- Top triangle:  $85$
- Top-right triangle:  $93 - 8$
- Right triangle:  $51 - 20$
- Right-middle triangle:  $31$
- Right-bottom triangle:  $37 - 10$
- Bottom triangle:  $27$
- Bottom-middle triangle:  $29$
- Bottom-left triangle:  $69 - 40$
- Left triangle:  $78 - 50$
- Left-middle triangle:  $28$
- Left-bottom triangle:  $49$
- Left-top triangle:  $52 - 3$
- Top-left triangle:  $85 - 60$
- Top-middle triangle:  $25$
- Top-right triangle:  $64 - 7$
- Right-middle triangle:  $67$
- Right-bottom triangle:  $46 - 9$
- Bottom triangle:  $83 - 6$
- Bottom-left triangle:  $77$
- Bottom-middle triangle:  $72$
- Bottom-right triangle:  $70$
